(E) Accumulation of rubbish. An accumulation on any premises of filth, refuse, trash, garbage, or other waste material which endangers the public health, welfare, or safety, or materially interferes with the peaceful enjoyment by owners or occupants of adjacent property because of the danger of its catching or communicating fire, its attracting and propagating vermin, rodents, or insects, or its blowing of rubbish into any street, sidewalk, or property of another.

§ 92.04 ABATEMENT PROCEDURE.

(A) It shall be the duty of the City Administrative Officer or other responsible officer designated by the legislative body to serve or cause to be served a notice upon the owner or occupant of any premises on which there is kept or maintained any nuisance in violation of the provisions of this chapter and to demand the abatement of the nuisance within five days unless the nuisance constitutes an immediate danger to the health and well being of the community. If such danger is present, the nuisance shall be abated within 24 hours of notice. Notice shall be served upon persons by certified mail, but if the whereabouts of the persons is unknown and cannot be ascertained by the Director in the exercise of reasonable diligence, the Director shall make an affidavit to that effect, and the serving of notice may be made by publication in a newspaper of general circulation for two consecutive days. A copy of the notice shall be posted in a conspicuous place on the premises affected by the notice and it shall be recorded in the office of the County Clerk.

(B) If the person so served does not abate the nuisance within five days, the city may proceed to abate the nuisance, keeping an account of the expense of the abatement, and the expense shall be charged and paid by the owner or occupant.

(C) Charges for nuisance abatement shall be a lien upon the premises. Whenever a bill for charges remains unpaid for 60 days after it has been rendered, the City Clerk/Treasurer may file with the County Clerk a statement of lien claims. This statement shall contain a legal description of the premises, the expenses and costs incurred, the date the nuisance was abated, and a notice that the city claims a lien for this amount. Notice of the lien claim shall be mailed to the owner of the premises if his address is known. However, failure to record the lien claim or to mail the notice, or the failure of the owner to receive the notice, shall not affect the right to foreclose the lien for charges as provided in division (D) below.

(D) Property subject to a lien for unpaid nuisance abatement charges shall be sold for nonpayment and the proceeds of the sale shall be applied to pay the charges after deducting costs, as is the case in the foreclosure of statutory liens. This foreclosure shall be in equity in the name of the city.

(E) In the alternative, the city may cause costs and expenses for unpaid nuisance abatement charges to appear on city utility bills and shall be cause to terminate city utility services if said costs are not paid or abated within 60 days of the city incurring said costs and they remain unpaid.

(F) The City Attorney is authorized and directed to institute such proceedings, in the name of the city, in any court having jurisdiction
over the matter, against any property for which the bill has remained unpaid 60 days after it has been rendered.
(Am. Ord. 2011-16, passed 7-19-11)

§ 92.05 NUISANCE CREATED BY OTHERS.

For the purposes of this chapter, it shall not be essential that the nuisance be created or contributed to by the owner, occupant, or person having control or management of the premises, but merely that the nuisance be created or contributed to by licensees, invitees, guests, or other persons for whose conduct the owner or operator is responsible, or by persons for whose conduct the owner or operator is not responsible, but by the exercise of reasonable care ought to have become aware of.
(Am. Ord. 2011-16, passed 7-19-11)

§ 92.06 SUSPENSION OF LICENSE.

(A) Whenever it is brought to the attention of the legislative body that a nuisance exists and the legislative body deems that there is an immediate threat to the public health, safety, welfare, the legislative body may by majority vote suspend the license of any person conducting business upon the premises where the nuisance exists.

(B) The Clerk/Treasurer shall cause notice of the suspension to be served personally upon the licensee or at the premises where the nuisance exists.

(C) Upon application of the licensee, the legislative body may remove the suspension upon such terms as it may direct.
(Am. Ord. 2011-16, passed 7-19-11)

§ 92.07 ABATEMENT OF NUISANCES.

At the direction of the Mayor and/or the City Administrator, the City Attorney is authorized and directed to institute on behalf of the city common law nuisance abatement actions against any person or properties which the city has determined to constitute a nuisance, or the City Attorney may institute on behalf of the city a declaratory judgment action for determination of whether or not a nuisance exists and the methods by which the city may abate such nuisance.
(Ord. 1994-4, passed 4-4-94; Am. Ord. 2011-16, passed 7-19-11)

§ 92.08 CHRONIC NUISANCE PROPERTIES.

(A) Prohibition.

(1) Any property within the City of Williamstown which is a chronic nuisance property is declared a public nuisance and in violation of this section and subject to the remedies provided herein; and
(2) Any person responsible for property, who permits property to be a chronic nuisance property shall be in violation of this section.

(B) Abatement procedure for chronic nuisance properties.

(1) When the Code Enforcement Officer, or his designee(s), receives documentation or information confirming the occurrence of three or more nuisance activities within a 90-day period on or at any premises or property, the Code Enforcement Officer, or his designee(s), shall review such documentation or information to determine whether it describes the nuisance activities enumerated in this section. Upon such a finding, the Code Enforcement Officer, or his designee(s), shall warn the person responsible for such property, in writing, that the property is in danger of being declared a chronic nuisance property.

(2) The warning shall be sent by certified mail, return receipt requested, and contain:

(a) the street address or a legal description sufficient for identification of the property;

(b) a concise description of the nuisance activities that exist, or that have occurred on the property;

(c) a demand that the person responsible for such property respond to the notice within ten days of service of the notice to discuss the nuisance activities and create a plan to abate the chronic nuisance;

(d) offer the person responsible an opportunity to abate the nuisance activities giving rise to the violation; and

(e) a statement describing that the property could be subject to closure and civil penalties and/or costs assessed up to two hundred dollars ($200.00) per day if the property is declared a chronic nuisance property.

(3) The Code Enforcement Officer or his designee(s) shall serve or cause to be served the warning and notice to abate upon the person responsible by certified mail, return receipt requested, or may personally serve the person responsible in accordance with the procedures set forth in KRS 381.770(4) and KRS 65.8825(4).

(4) If the person responsible fails to respond to the warning within the time prescribed, the Code Enforcement Officer, or his/her designee(s) shall issue a notice declaring the property to be a chronic nuisance property and post such notice at the property and issue the person responsible a citation for a civil infraction, punishable by a maximum penalty of two hundred dollars ($200.00). If the person responsible fails to respond to the warning, notice or citation, the matter shall be referred for enforcement.
(5) If the person responsible responds as required by the notice and agrees to abate the nuisance activity, the Code Enforcement Officer, or his designee(s), and the person responsible may work out an agreed upon course of action which would abate the nuisance activity. If an agreed course of action does not result in the abatement of the nuisance activities or if no agreement concerning abatement is reached, the matter shall be forwarded to the Code Enforcement Board or other city enforcement board or agency and any additional appropriate entity or office for appropriate official enforcement action. Provided, that in the event the Code of Enforcement Officer or his designee(s) determine that the person responsible has taken reasonable steps to abate the nuisance activity, the city shall not commence an enforcement action under this chapter, notwithstanding the continuance of the nuisance activity.

(6) It is a defense to an action for chronic nuisance property that the person responsible, at all material times, could not, in spite of the exercise of reasonable care and diligence, control the conduct leading to the determination that the property is a chronic nuisance property.

(C) Enforcement and penalties.

(1) In addition to other remedies set out in this section or by statute, should the chronic nuisance property not be abated at the time stated in the notice to abate, the Code Enforcement Officer shall be authorized to issue any appropriate citation. Upon failure of the property owner to request a hearing before the Code Enforcement Board, an order may be issued condemning and vacating the premises or portions thereof to the extent necessary to abate the chronic nuisance property. Any close and vacate order shall be for a period of less than one year from the date of closing and rescind within 14 days of an abatement. If the property consists of multi-unit dwellings, and the nuisance activity has occurred solely within a single unit, the condemnation and vacate order may be limited to the single unit.

(2) Upon the issuance of any order provided for in this section, a copy of the order shall be served on the owner of the property in the same manner as the warning and shall be conspicuously posted on the property.

(3) In addition to an order condemning and vacating the property, a maximum civil penalty of $200 shall be imposed for any violation of this section. However, if the responsible party does not appeal the citation to the Code Enforcement Board, then the civil penalty shall be reduced to $175.

(4) Nothing in this section shall prevent the city from pursuing additional remedies including judicial actions provided by statute or common law to enjoin or otherwise remedy the chronic nuisance.
(E) Summary closure. Nothing in this section prohibits the city from taking any emergency action for the summary closure of such property when it is necessary to avoid an immediate threat to public welfare and safety.

(F) Penalty upon failure to comply. Upon the failure of the property owner to comply with an order to close and vacate, the Code Enforcement Department may prohibit the furnishing of utility service, to include but not limited to gas, electric, water, and heating oil, to the premises by any public utility holding a franchise to use the streets and public ways of the City of Williamstown; revoke the certificate of occupancy of the premises; or use any other legal remedy available under the laws of the state.

(G) Relief from order. The Code Official may vacate or suspend the provisions of an order to close and vacate upon showing by clear and convincing evidence that the nuisance activity has been abated and will not be maintained or permitted on the property or a unit thereof.

(H) Lien. Pursuant to the provisions of KRS 381.770, the city shall possess a lien against the property for all fines, penalties, charges and fees imposed and for the reasonable value of labor and materials used to abate the nuisance activity. The lien shall be superior to and have priority over all other liens on the property except state, City of Williamstown, school board and City of Williamstown taxes, and may be enforced by judicial proceeding.
